  - Percentage: 70.4/100

## SKILLS

---

- Programming Languages** : HTML, CSS, JavaScript, Java, SQL
- Frameworks / Libraries** : React.js, Spring Boot, Bootstrap, postgresql
- Developer Tools / Platforms** : VS Code, Git and GitHub
- Soft Skills** : Time-Management, Teamwork, Adaptability, Problem-Solving, Verbal and Written Communication

## PROJECTS

---

- Drumkit Web App**  
*Tools : Html, Css, JavaScript*
  - Created a fun and responsive drumkit where users can play sounds using mouse clicks or keyboard keys.
  - Added visual effects and animations that respond when keys are pressed, enhancing interactivity.
  - Ensured the application is responsive and works smoothly across all screen sizes and browsers.
  - Improved user experience by adding sound delay control and highlighting active buttons.
- PG Booking and Management System**  
*Tools : react.js, Java*
  - Developed a PG booking platform as a freelance project, used in real-world operations.
  - Built a responsive frontend using React.js for seamless multi-device user experience.
  - Implemented search and filtering features based on location, price, and availability.
  - Performed testing, debugging, and optimization to ensure smooth application performance.
- Portfolio website**  
*Tools : Html, Css, JavaScript*
  - Designed and developed a personal portfolio website to showcase web development skills and projects.
  - Implemented smooth scrolling, interactive sections, and animations using JavaScript for better user experience.
  - Ensured the website is fully responsive and works seamlessly on desktops, tablets, and mobile devices.
  - Included project highlights, technical skills, and contact form to engage potential employers or clients.

## CERTIFICATIONS

---

- Certification from Mysirg.com for Full Stack Web Development**
- Certification from Great Learning for Artificial Intelligence Fundamentals**
- Certification from NPTEL, IIT Kanpur For Big Data Computing**
